

# WEST MANHEIM TOWNSHIP

FALL 2021

The Official Newsletter of West Manheim Township • [westmanheimtwp.com](http://westmanheimtwp.com)

## PUBLIC WORKS NEWS

### FALL LIMB PICK UP

West Manheim Township Public Works Department will be collecting brush and limbs. **All items must be curbside by Sunday of designated week to guarantee removal. The west side of the Township will take place on October 11<sup>th</sup> - 14<sup>th</sup> and the east side will be October 18<sup>th</sup> - 21<sup>st</sup>.**

Limbs should be no larger than 3 inches in diameter and brush should be stacked for easy pickup. Absolutely no boards, lumber or construction type debris will be accepted.

The Township reserves the right to refuse excessive amounts of debris. The Township can refuse items that do not meet the requirements and is **NOT** responsible for cleanup.

### LEAF COLLECTION

Leaves may be placed curbside for collection starting November 1<sup>st</sup>. The crews will go through the Township more than once in the event that all leaves are not down and curbside by this date. Leaves must not be in any type of bag or container. Leaf collection is expected to take about 3 - 4 weeks with the last collection day being November 30<sup>th</sup>, dependent upon the weather conditions.

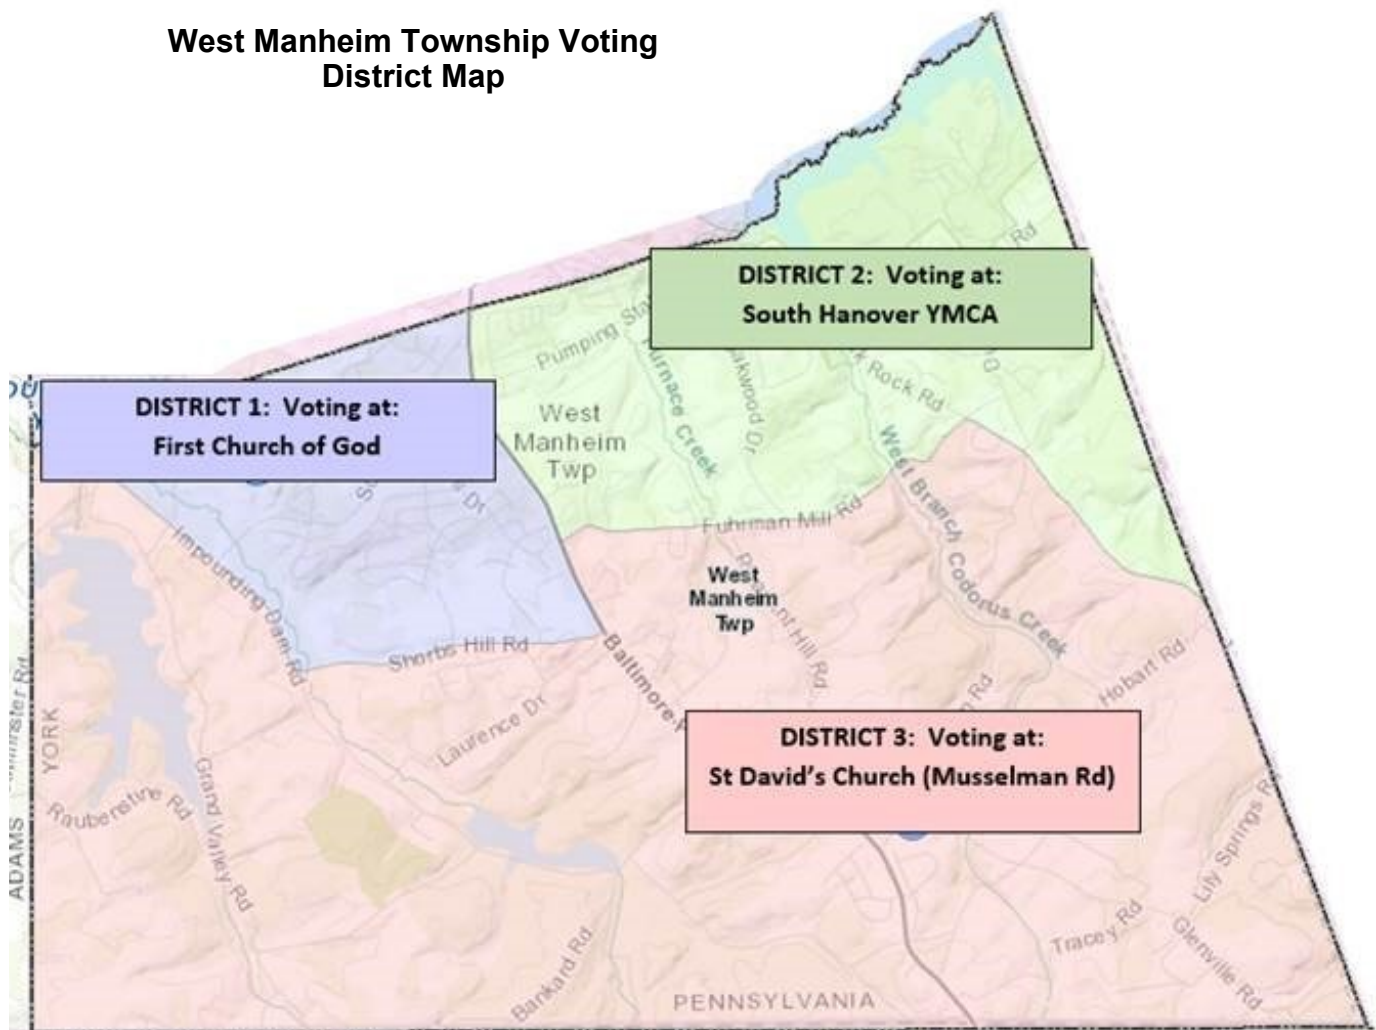

TRICK or TREAT will take place on **Sunday, October 31, 2021 from 6-8pm**. Residents are asked to turn on their porch light(s) if the Trick or Treaters are welcome. All Trick or Treaters are asked to respect a homeowners privacy by **NOT** approaching homes whose porch light is **NOT** turned on.

Street safety is a responsibility for both trick-or-treaters and drivers. Drivers need to remember children will be out and pay close attention for children running in the street. Trick-or-treaters should obey traffic and pedestrian rules and should not assume they can be easily seen.

**For the safety of the Trick or Treaters and your community, please make sure your post light is working.**

# VOTING IN WEST MANHEIM TWP

West Manheim Township Voting District Map

The Municipal Election will take place on **Tuesday, November 2nd**. West Manheim Township has been divided into three voting districts – Hanover YMCA, St David's Lutheran Church and Hanover First Church of God. Unsure of your voting location visit the York County Board of Elections website.

**All polling locations are open from 7am-8pm.**

For more information visit:

**<https://yorkcountypa.gov/voting-elections.html>**

# TAX NEWS

## Message from Ruth Neiderer, Tax Collector

Real Estate/Property Taxes are based on your assessed value generated by the York County Assessment Office 717-771-9232. The millage tax rate is determined by the elected officials of each taxing district.

**The tax bill is the property owner's responsibility. All bills are mailed to the property owner. I would encourage you to check lender's statements to be sure payments have been disbursed.**

The York County and West Manheim Township bills are mailed mid-February and the 2% discount is due mid-April. The South Western School bill is mailed mid-July and the 2% discount is due by the end of

September. There is an option to pay the school bill in three installments. The first installment payment must be received by August 31st.

If you have an escrow account which pays your real estate taxes, please contact or forward it to them. If you have applied for a permit due to an improvement to your property, an interim bill is generated. INTERIM bills must be forwarded to your lender for payment. All current year bills must be paid in full by December 31st each year. Personal checks are not accepted after December 15th. Payments can be made by mail or placing in the township drop box or stopping by during office hours. Payments: Credit card and cash (over \$100.00) are not accepted. Checks payable to: Ruth Neiderer, Tax Collector OR West Manheim Twp., Tax Collector

Phone (717) 632.3155 Fax (717) 632.2499  
(Closed for lunch 1:00-2:00)

**PLEASE CHECK THE OFFICE HOURS  
INSERTED IN YOUR ENVELOPE!**

# TOWNSHIP DROPBOX

In an effort to better serve the residents of West Manheim Township a drop box is located on the exterior of the building. The drop box is conveniently located along the front of the building on the west side facing Route 94 (Baltimore Pike). The drop box is labeled "**TOWNSHIP PAYMENT DROP**". The drop box is secure and available during business and non-business hours.

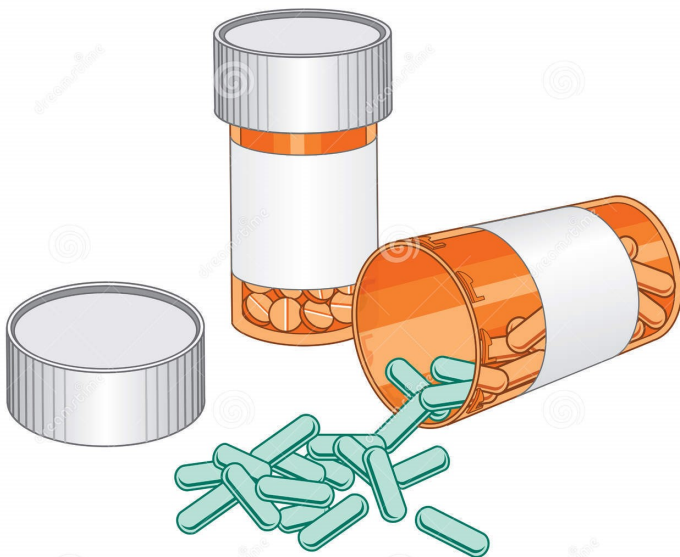

# PRESCRIPTION DRUG TAKE-BACK

West Manheim Township recently joined forces with the York County Solid Waste Authority as a disposal location for over the counter and prescription medicine. Bring your unwanted or expired medicine to the Township Office Monday thru Friday 8am – 4pm for proper disposal.

The following items are *accepted* at this drop off location: prescriptions, prescription solid or liquid medications, prescription patches, prescription ointments, inhalers, over-the-counter medication, vitamins, samples, medications for pets. Please remove or black out personal information on medicine bottles as a precaution. The following items are *not accepted*: thermometers, hydrogen peroxide, aerosol cans, personal care products in the form of nonprescription ointments, liquids or lotions, medications from businesses or clinics, needles (sharps), bloody or infectious waste and hazardous waste.

## IMPORTANT REMINDERS

- **DO NOT FLUSH** medications unless instructed to do so.
- Do not give your medication to anyone else or take a prescription not prescribed for you.
- Place sharps (needles, syringes with needles) in a plastic container such as a detergent bottle. Cap or seal the bottle and label it "sharps" and place in the regular garbage, **NOT IN YOUR RECYCLE BIN.**

# ON-LOT PROCEDURES

## On-lot Certification Procedures:

The Township revised the On-lot Subsurface Sewage Disposal Facilities Ordinance. Two important changes for you, the homeowner:

- The septic hauler of your choice will do the inspection/certification of your system. The hauler will provide the inspection report to the Township.
- The Township fee is \$30.00

As an owner of a home with an on-site septic system you are required to have the system pumped out, inspected and certified every 4 years by a certified sewage hauler. The Department of Environmental Protection requires the system to be inspected for

any cracks or issues which would contaminate the waters of the Commonwealth. The inspection by the hauler will also verify that the system is functioning as designed. The Township will continue to send you a postcard notifying you of the deadline date for the certification of your system.

### ON-LOT SEPTIC CERTIFICATION REMINDER

It is time to have your on-lot septic system pumped and inspected.

The pumping and inspection of your on-lot septic system must be scheduled by \_\_\_\_\_.

Applications are available at [www.westmanheimtwp.com](http://www.westmanheimtwp.com) or at the Township office, 2412 Baltimore Pike, Hanover, PA 17331. 717-632-0320

**REMINDER: Septic tank manhole must be accessible for proper inspection and pumping.**

You can find the application for your On--Lot Septic Inspection on our website:

<https://westmanheimtwp.com/departments/administration/on-lot-septic/>

# WMT IS A MS4 COMMUNITY

You may remember in the Township's Spring Newsletter we discussed the impact of recently being designated as a Small MS4 Community. As a refresher, MS4 stands for **Municipal Separate Storm Sewer System** and was created in an effort to reduce and eliminate sources of urban and suburban water pollution.

The MS4 Program is mandated by both the Federal (EPA) and State (DEP) government and requires that West Manheim Township actively engage in practices to decrease and eliminate sources of stormwater pollution. Stormwater becomes polluted as it travels across lawns, parking lots, roads, gutters, and ditches. Guided by gravity, stormwater travels downhill picking up speed; and, yard waste, bits of debris, unabsorbed fertilizers, organic wastes, and hazardous chemicals. This contaminated water is not treated, but, conveyed directly into local waterways where it eventually drains to the Susquehanna River, then on to the Chesapeake Bay, and finally the Atlantic Ocean.

An additional source of water pollution caused by stormwater is from the stream channel itself. Urbanized development (roads, residential subdivisions, and non-residential development) increases the amount of surface areas that generate stormwater. As stormwater travels through the Township's conveyance system, it is funneled to tributaries and streams, which then act as a sluice and increase the amount of water in both volume (amount) and velocity (speed). The rushing water then damages and erodes the stream channel by ripping away the side walls and exposing roots. Creeks and streams heavily laden with stormwater are often referred to as "Chocolate Milk" because of its reddish-brown color. The distinctive color is from dirt being eroded from the stream channel or another source of erosion due to the rate and volume of the water flowing over land.

Reducing sediment (fine granules of soil, dirt and other debris) will improve water clarity, while at the same time, reducing the presence of nitrates and phosphates from fertilizers. There are several ways for Township residents to be a part of this effort in the fall months:

- Replace patches of bare soil in lawns and flowerbeds with grass and ground cover plants; this will prevent erosion and sediment-laden water from making its way into the municipal storm sewer system
- Follow all guidelines provided on lawn fertilizer materials
- Keep drains (gutters, roof drains, and inlets) clear of debris. This may also help to prevent instances of localized flooding
- Fall is a great time to inspect any stormwater facilities you may have on our property. i.e. basins, rain gardens, rain barrels, drywells and creek stream and riverside vegetation
- Always pick up and dispose of animal waste appropriately
- Blow grass clippings into your yard and not into the street. This keeps leaf and yard debris out of the street drainage system

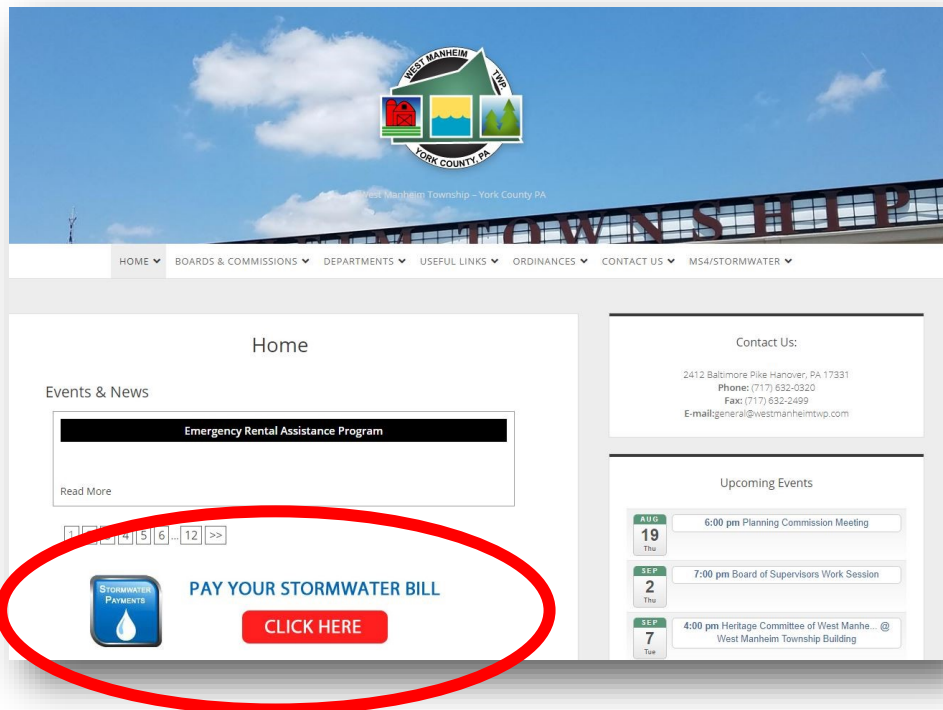

# STORMWATER ASSESSMENT FEE

West Manheim Township will collect an annual stormwater assessment fee from each property owner within the Township boundaries. The assessment fee will be used towards MS4 requirements such as operation, maintenance, repair, replacement, improvements and for all other expenses related to the MS4/stormwater mandates. Agricultural parcels and single-family residences will be calculated at one ERU (4500 square feet of impervious coverage). Parcels with more impervious area such as nonresidential or commercial parcels will be charged based on their existing impervious coverage. The 2022 invoices will be mailed in January.

**WATCH FOR YOUR  
MS4 BILL IN  
JANUARY 2022!**

This fee is **NOT** paid to the Township Tax Collector, Ruth Neiderer. Payment is collected by the Township Administrative Staff. To pay the fee, cash and check payments can be made by stopping by the Township Building during **office hours 8:00am-4:00pm** (lobby is open), drop box located on the exterior of the building or mailed to the Township Office 2412 Baltimore Pike.

Payments via credit card must be made using the link on the homepage of the **Township Website [www.westmanheimtwp.com](http://www.westmanheimtwp.com)**. Credit card payments are subject to an additional convenience fee.

# PHVFC NEWS

## UPCOMING EVENTS

### BEEF POT PIE

Sunday October 11<sup>th</sup> &  
November 15<sup>th</sup>

@11 am. Drive-thru  
carry out only.

Quart of boiled beef  
pot pie \$7.00

12 oz. pepper slaw \$3.00

We will provide containers

### TRUNK OR TREAT

October 23<sup>rd</sup> @ 5 pm

Grab your favorite  
Halloween decorations and  
deck out your trunk

for our first annual trunk or treat.

Please watch our Facebook  
page for further details

### FIRE PREVENTION & FIRE STATION OPEN HOUSE

Come visit the fire station,  
check out our equipment and  
meet our firefighters/EMT's.

Please keep an eye on  
Facebook for exact dates  
and times.

**YOUR SAFETY IS OUR PRIORITY**

**VISIT US ON  @ PLEASANT HILL VOLUNTEER FIRE COMPANY**

# WMTPD NEWS

The West Manheim Township Police Department is pleased to announce the hiring of two new police officers. Officer Dustin Black recently graduated from the Police Academy and previously served in the Marine Corps. Officer Mason Moyer left the Westminster City Police Department in Maryland to become part of our department. Both officers were sworn in as patrolmen on August 5<sup>th</sup> 2021. Congratulations to our new officers and their families.

The police department would like to thank Sergeant's Toby Wildasin and David Morris for their dedication to the department. Both Sergeant Wildasin and Morris have retired after numerous years of service. Best of luck in your new endeavors.

Phone and email scams continue to cause issues with our residents. No company will solicit personal information through the phone or email. **DO NOT** open any emails or links unless you are 100 percent sure you know the sender. Simply delete emails if you do not know the sender. **DO NOT** answer phone calls if you do not know the caller and never supply financial information to anyone via email or the telephone to unknown persons or companies.

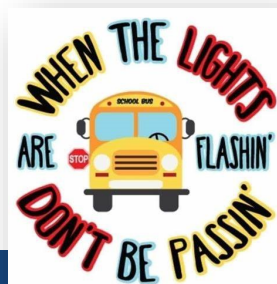

Congratulations to PFC Craig Snyder on his promotion to Sergeant. Sergeant Snyder has been a dedicated member of this department since 1990. Sergeant Snyder will be a great asset in his new role as he brings a wealth of knowledge and experience. We would like to congratulate Sergeant Snyder and his family on this well-deserved promotion.

The department obtained a new cruiser. This cruiser will replace the cruiser that was totaled when another driver hit Officer Derek Schneider head on. The new cruiser allows for additional storage capacity for emergency equipment and is four-wheel drive to assist in inclement weather.

- Chief Edwin J Schneider
- Lieutenant Derrick Baker
- Sergeant Craig Snyder
- Pfc. Joshua Bower
- Pfc. Justin Seibert
- Pfc. Randy Wagner
- Ptlmn. Derek Schneider
- Ptlmn: Joshua Rummel
- Ptlmn. Dustin Black
- Ptlmn. Mason Moyer

Lou Sordon, Administrative Assistant

Residents are reminded our children are back to school. Please utilize caution when driving through our school zone(s) and watch for children at all bus stops. If you notice any suspicious persons, vehicles, or suspicious activity in general please notify us immediately and we will respond to investigate. Thank you for your partnership in keeping our community safe.

# WMT SNOW EMERGENCY GUIDELINES

## PARKING

When a snow emergency is declared by the Township Board of Supervisors, the following parking regulations must be followed on non-snow emergency Township Roads.

- **Day #1 of snowstorm:** parking is prohibited on the even number side of the street. This will allow for the plowing and salting of the even house numbered side of the road. All vehicles must park in garages, driveways or on the odd house number side of the street.
- **Day #2 of snowstorm:** After 8:00am on the day following the declaration of a snow emergency, and until the plowing and salting is complete, parking will be prohibited on the odd house numbered side of the road. This will allow for the plowing and salting of the odd house numbered side of the road. All vehicles must park in garages, driveways or on the even house number side of the street.
- **Day #3 of snowstorm:** The process will repeat with #1, parking prohibited on the even-numbered side of the street.

By following of the above snow emergency regulations, the Township Public Works Department will be able to clear all snow and ice from the roads. Residents are reminded to refrain from shoveling, pushing, throwing, plowing, and blowing snow onto streets. Please refrain from depositing snow onto neighboring properties. Please note, the Ordinance authorizes the West Manheim Township Police Department to have any vehicle parked in violation towed away and stored at any authorized towing facility at the expense of the owner of said vehicle.

## SIDEWALKS

Every owner, occupant, or tenant is required to remove all snow and/or ice from public sidewalks within 24 hours after the weather event. This includes any snow and/or ice residue from the plow trucks. All snow and/or ice shall be removed to a width of not less than three feet and shall not be placed on any public street or highway. There are no exceptions to this requirement including forecasted warmer temperatures after the weather event. As part of the Quality of Life Ordinance, warnings will not be issued for noncompliance. **Fines of \$50.00 for the first offense will be issued if sidewalks are not cleared.**

## FIRE HYDRENTS

Fire hydrants shall not be covered. The owner, occupant, or tenant is required to remove or any accumulation and/or impediment which would limit access to, from, and/or around all of the fire hydrants which are located on said property, so as to provide immediate access by fire rescue personnel in cases of emergency. In cases involving a storm, fire hydrants shall be cleared of all snow, ice, slush, or any combination thereof within 24 hours following the storm; in any event, any accumulation shall be removed no less than once in every twenty-four-hour period.

# EMERGENCY MANAGEMENT AGENCY

The West Manheim Emergency Management Agency works with our municipal government, the West Manheim Police Department and Pleasant Hill Volunteer Fire Company. We keep an updated **Emergency Operations Plan (EOP)** that has been developed and is updated on a yearly cycle. Many community businesses, services, and private individuals have agreed to be part of the emergency plan and have also agreed to provide resources and services in the event they are needed. Snowmobiles, boats, bulldozers, communications equipment; construction equipment, and construction supplies are just some examples of resources. If anyone has resources that could be used in the event of an emergency is interested in being added to our EOP, please contact us at 717-632-

We have streamlined our process through the township website regarding our "Residents with Special Needs Registry." Should an emergency occur, and an evacuation is needed, having a list of residents who need assistance in an area can help expedite the process. It is voluntary to submit. To complete, follow:

[www.westmanheimtwp.com](http://www.westmanheimtwp.com) > Departments > Emergency Mgmt > Special Needs

A hard copy can still be printed out and completed from the website. You can also pick up a hard copy at the township building. Your completed form can be hand delivered or mailed into the township building:

2412 Baltimore Pike  
C/O: EMA  
Hanover, PA 17331

## WINTER WEATHER PREPARATION

The National Weather Service refers to winter storms as the "deceptive killers" because most deaths are indirectly related to the storm. People are injured or killed in traffic accidents on icy roads or suffer from hypothermia due to prolonged exposure to the cold. Another major danger associated with winter storms is their ability to knock out heat, power, and communications, sometimes for days at a time. Here are some things you can do to help prepare for winter weather before it strikes.

- Make an emergency plan for you and your family.
- Listen to your radio, television, or NOAA Weather Radio for weather reports and emergency information.
- Make sure your home is well insulated and that you have weather stripping around your doors and windowsills to keep the warm air inside. If you have no heat, close off unneeded rooms, stuff towels or rags in the cracks under doors and cover windows at night.
- Cover pipes with insulation or newspapers and plastic. Allow faucets to drip a little during cold weather to avoid freezing.
- Learn how to shut off water valves in case of a pipe burst. If the pipes freeze, remove any insulation or layers of newspapers and wrap pipes in rags. Completely open all faucets and pour hot water over the pipes, starting where they were most exposed to the cold (or where the cold was most likely to penetrate).
- Use extreme caution when using alternative heating sources. Refuel kerosene heaters outside and keep them at least three feet from flammable objects. Also, when using kerosene heaters, be sure to maintain ventilation to avoid build-up of toxic fumes. Visit [www.befiresafepa.com](http://www.befiresafepa.com) for more information.
- Wear layers of loose-fitting, lightweight, warm clothing. Several layers of lightweight clothing will keep you warmer than a single heavy coat. Wear gloves (or mittens) and a hat to help prevent loss of body heat.

# EMERGENCY MANAGEMENT AGENCY

## WINTER WEATHER GLOSSARY

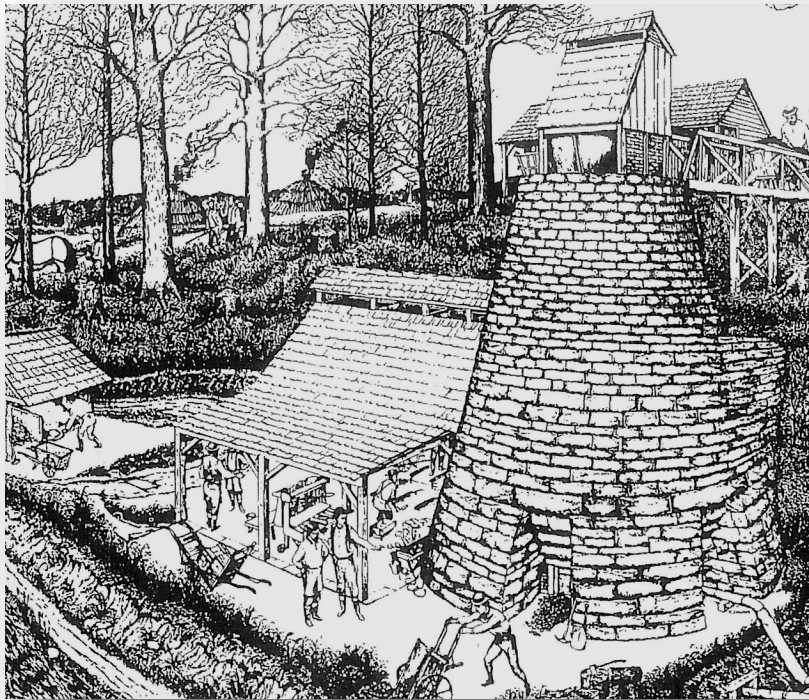

<b>Winter Storm Watch</b>	A winter storm is possible in your area. Tune in to NOAA Weather Radio, commercial radio, or television for more information.
<b>Winter Storm Warning</b>	A winter storm is occurring or will soon occur in your area.
<b>Blizzard Warning</b>	Sustained winds or frequent gusts to 35 miles per hour or greater and considerable amounts of falling or blowing snow (reducing visibility to less than a quarter mile) are expected to prevail for a period of three hours or longer.
<b>Frost/Freeze Warning</b>	Below freezing temperatures are expected.
<b>Freezing Rain</b>	Rain that freezes when it hits the ground, creating a coating of ice on roads, walkways, trees, and power lines.
<b>Sleet</b>	Rain that turns to ice pellets before reaching the ground. Sleet also causes moisture on roads to freeze and become slippery.
<b>Flurries</b>	Light snow falling for short durations. No accumulation or light dusting is all that is expected.
<b>Showers</b>	Snow falling at varying intensities for brief periods of time. Some accumulation is expected.
<b>Squalls</b>	Brief, intense snow showers accompanied by strong, gusty winds. Accumulations may be significant.
<b>Blowing Snow</b>	Wind-driven snow that reduces visibility and causes significant drifting. Blowing snow may be snow that is falling and/or loose snow on the ground picked up by the wind.
<b>Blizzard</b>	Winds over 35 mph with snow and blowing snow reducing visibility to near zero.

# HERITAGE COMMITTEE

## MARY ANN FURNACE TIMELINE-THE EARLY STARTUP YEARS

On March 12, 2021, the Heritage Committee of West Manheim Township retained GeoView, Inc to identify the furnace site along the Black Rock Road using ground penetrating radar. The location remains a mystery, but a possible mill race was discovered and several artifacts were found. A timeline of the furnace startup operations is below:

A typical iron furnace operation in the Mary Ann Furnace Period

*\* Article is from a 2013 Compilation of Researcher David Young while working for DCNR*

- **September 10, 1750** - The William Penn Family granted 210.5 acres to Johannes (John) Hunsaker (Hunsinger/Hunsicker/Hunscker) along the West Branch of Codorus Creek. The first survey was performed by William Matthews for the tract called "Friendship".
- **December 13, 1759** - George Stevenson deputy surveyor resurveyed the Friendship Tract.
- **1761** - George Ross and Company partnership formed with George Stevenson, William Thompson and Mark Bird and leased 4 acres from John Hunsinger.
- **1762** - Mary Ann Furnace goes into blast along Furnace Creek.
- **1763** - George Ross and Company petition the York County Court for a public road from the furnace to the Conewago Settlement (Hanover).
- **1765** - Mary Ann Furnace casts the first 10-plate stove in the Colonies (English Stove).

Look for more operational and closeout data in future newsletters. The Heritage Committee typically meets on the First Tuesday of every month, beginning promptly at 4:00 pm. Visitors should arrive 15 minutes early. Meetings are held at the West Manheim Township Office located at 2412 Baltimore Pike, Hanover, PA. More details are available by contacting Harold Coldren by phone at 717- 637-8488.

# REC PARK NEWS

## Immediate Need for Volunteers

West Manheim Township Park, at 100+ acres, is in need of a variety of volunteers. Our Park Board would love some new faces to help plan events and make decisions for the park. We meet the 2<sup>nd</sup> Monday of each month either via Zoom or in person.

Additional volunteers to help maintain the physical aspects of the park; like the 6 miles of walking trails, mulching, Angel Garden upkeep, and other special projects are always welcome and encouraged. Looking for volunteer service hours? Want to be a part of something special in your community? Interested in learning more on how you can help (in any way)? Please contact our co-chairs Nina Rynearson or Christina Sones at [parkboard@westmanheimtwp.com](mailto:parkboard@westmanheimtwp.com) to find out how you can volunteer.

## Turf To Meadows Update

The "Turf to Meadows" program took place this spring with 10 acres planted in native species of wildflowers and grasses; part of which can be seen to the right of the road as you travel the main stretch from the entrance to the playground. In June and July, we began to see Spring Oats (a cover plant to protect more delicate plants), Partridge Pea, Virginia Wildrye, New England Aster, Butterfly Milkweed, and Black-eyed Susan.

There are as many as 20 different varieties of wildflowers and grasses and each species blooms and goes to seed at different months, or seasons, for years to come. So each season will bring its own beauty and color.

This project will continue to evolve through the next three years and beyond. Please visit and see if you recognize any flowers and share your photos with us. Questions or comments can be directed to the [parkboard@westmanheimtwp.com](mailto:parkboard@westmanheimtwp.com).

## Get Outdoors - GO York Trail Wrap Up

As the summer wraps up and the Go (Get Outdoors) York hikes come to an end, we are so grateful to have been a part of this program for the first time. Thank you everyone who participated and came out to "Chase Your Tale" at our park! We look forward to participating in future hikes and hope to see you back out there too!

## UPCOMING EVENTS

Keep your eyes open this fall for upcoming events at the park:

**October** – Halloween/Fall Fun

**November** – Revamped Drive Thru German Dinner & Family Day (complete with kite flying)

More Information to come. Check the Township Website (<https://westmanheimtwp.com/>)

and the Park's Facebook Page (<https://www.facebook.com/WMTpark>) for more details as the month's get closer.

## REMINDER

West Manheim Township Park is a Tobacco Free Park. Alcohol, Firearms, and Unauthorized Motor Vehicles are also not permitted. Please be courteous to our park and visitors.

# WHEN DIGGING, SAFETY FIRST

**Know what's BELOW,  
CALL before you dig.**

***Safe digging is no accident! Know what's below.***

Before you begin digging, state law requires you to call PA One Call at **1.800.242.1776** or **811** at least three days before you dig. All utility companies will be notified of your planned work and will mark the location of any underground lines. Respect the markings and excavate with due care, and be sure to report any and all damage to pipelines, line markers, locator wires, or warning tape to the appropriate utility. If you have a contractor digging at your property, ask the contractor to be extra careful. Make sure there are PA One Call markings and/or flags, and look at the work being done.

**You should notify PA One Call before you perform any of the following activities:**

- Install a fence, mailbox, yard sign, flag pole, or pole for a basketball hoop.
- Install a deck, porch, patio, swimming pool, or garage.
- Install a sprinkler system, pet perimeter fence, septic tank, leach bed, or sand mound.
- Plant trees or bushes.
